# The Problem....

Plastic takes  
800 Years.

# The products

# How it works?

biodegradable products return to nature without harming it through decomposition by micro-organisms

- ▶ Genera is a Business leadership program is aimed at fostering entrepreneurs talent to bring leading entrepreneurs to help solve the socioeconomic problem of the country, with the goal of a future reign of good economic, ethical and social.
- ▶ is one of the best programs in Mexico and famous in the business enviromental

- ▶ start as an entrepreneur ....

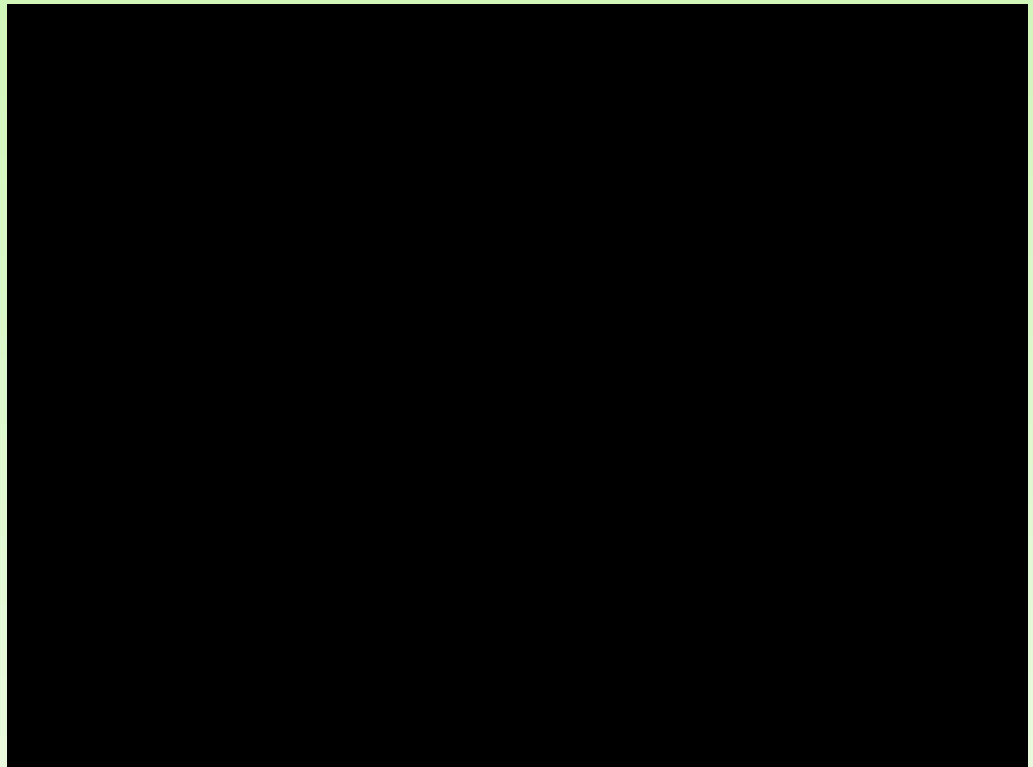

There is no formula, to be an entrepreneur ...  
I think you should trust yourself and risk  
making the first move ...

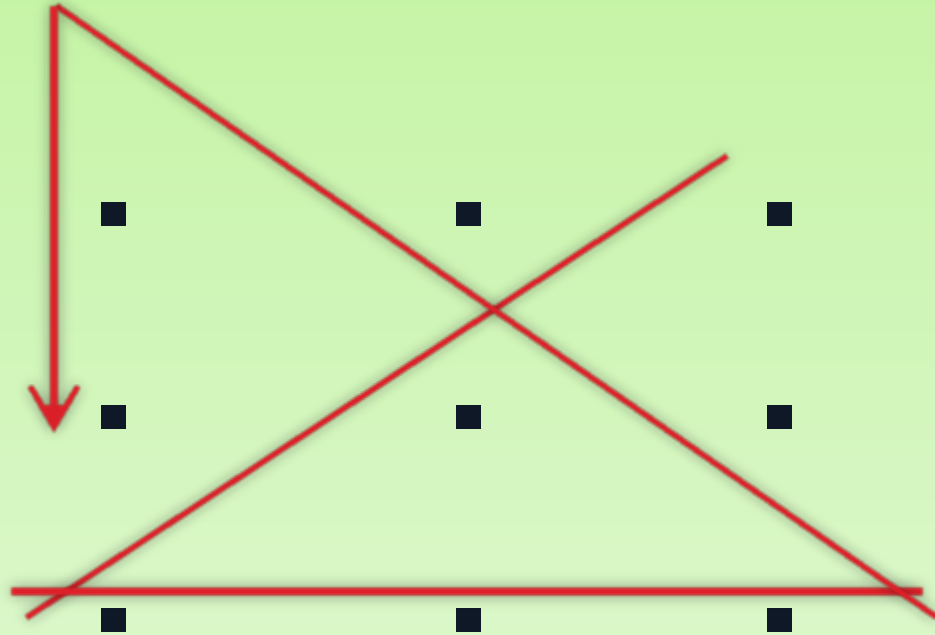

In Mexico the people say “if you dont take  
risk, you dont drink champagne”

# Thanks...and...

- ▶ Save the enviromental avoid the plastic bags.
