

ChildFinance: Building a Movement

Optional Pre-Conference Session
Presented by ChildFinance
Friday, September 9, 2011
8:00 – 8:45 am

Presenter:

- **Mr. Jared Penner**, Manager, ChildFinance (The Netherlands)

Session Description:

Join ChildFinance to learn about the objectives of the ChildFinance movement and how you can engage in one of ChildFinance's working groups (Financial Inclusion, Education, Research, Media/Advocacy and Technology). You will have the opportunity to meet with existing members of the movement and become acquainted with ChildFinance documents such as the "Core Content Framework for Social and Financial Education" and the proposed minimum standards for ChildFriendly Banking Certification. Through the development of this multi-stakeholder movement, ChildFinance hopes to increase the exposure of children throughout the world to quality social and financial education as well as safe, appropriate financial products that contribute to their personal development.

Presenter Bio:

Jared Penner

Mr. Jared Penner has been working with youth financial services, workforce development projects and integrated health and financial services programs for the past five years. He has experience working in Zambia, Mozambique, Egypt and Afghanistan on both programming and research initiatives. Mr. Penner is currently managing the Education workstream at ChildFinance, where he is helping to build a global multi-stakeholder movement around financial inclusion as well as social and financial education for children and youth under the age of 18.
